

## How to prepare your home or business for a photo shoot

Normally the garage and closets are not photographed. Please feel free to put all your stuff in there for the photo shoot.

### Exteriors

- Clean all mats
- Clean your lawn and landscaping as much as possible
- Sweep walkways
- Hide any equipment
- Hide trash cans
- Remove any flags and security signs
- Remove vehicles from driveways
- Wipe windows
- Clean business signage

### Lighting

- Turn on all lights and light fixtures (Interior and exterior)
- Replace any burnt out bulbs

### Interior

- Open all curtains, and twist blinds open (don't worry about pulling them up)
- Declutter as much as possible
- Clean and vacuum all mats, rugs, and carpets
- Hide cords and wires
- Wipe down counters, mirrors, and windows
- Organize everything
- Turn OFF fans, fireplaces, TV's, computer monitors, and anything that creates motion
- Remove personal items, pictures, important document, etc
